

Level 5 Diploma **THEOLOGICAL STUDIES**

Theological study is profoundly important to Christian faith, life and ministry. It is not about learning an abstract set of ideas, but it involves consideration of why we believe, how we believe, and how our beliefs shape who we are and what we do in the world.

The Diploma in Theological Studies is a programme designed to provide students foundational understanding of the biblical texts, use the tools of exegesis, describe the core theological beliefs of the Christian tradition and apply these to spirituality, church life and mission in a variety of contemporary contexts. Graduates will have developed skills in pastoral ministry and leadership, grounded in a theological framework and locating Christian mission in local, bicultural and cross-cultural contexts.
